

Motor Control Centers - 480 volt
IA, 1B, 2C wiring
Nema 1a, Nema 3R structures
Full communications - Device Net; Profi-bus

Stock - 50 structures, 600 amp horizontal and vertical bus with Labrinth shutter system

Stock - Buckets, Size 1,2,3 & 4, combination FVNR CPT's, electronic over load relays, full range main & feeder breakers

MV Motor Control Centers - 2.4KV and 5.0KV

Panel boards & switchboards

AC & DC
Nema & IEC

Switchgear - Low Voltage (600 V & Below)
Metal Clad - ANSI Nema & IEC Metal Enclosed
Indoor & outdoor

Stock - 600 Volt 1200 & 3200 amp Breakers & Cassettes

Switchgear - Medium Voltage (5kv & 15 kv)
Metal Clad - ANSI Nema & IEC Metal Enclosed
Indoor & outdoor

Stock - 5kv & 15 kv 1200 amp & 3000 amp Breakers & Mini - Modules

Specialty control panels and racks

Capacitor Banks var controlled; multi step, & Harmonic Filters

Low voltage - thru 600v.
Medium voltage 5kv, 15kv, and 34.5kv

Coordinated Substations

Primary disconnects [air break, SF6] throat connected
Power transformer - oil filled, air, or vegetable oil
Connected, secondary switchgear / switchboard
NEMA ANSI or IEC metal enclosed

Turn key installations; as built drawing; witness testing
